

CNY Preferred Gold

2024 HEALTH PLAN

Understanding the plan

As a CNY Preferred Gold member, you will pay less out of your pocket when you see a doctor or go to a hospital in our preferred network. To take advantage of this savings, you will want to use a provider in the Tier 1, preferred provider network. These include doctors, providers and hospital services at Crouse, St. Joseph's and Lewis County General hospitals.

CNY Preferred Gold is designed to meet the needs of individuals and families. You will have coverage for things like:

- Hospitalization
- Maternity and newborn care
- Urgent care visits
- No-cost preventive care
- Doctor visits
- Specialty care
- Prescription drugs
- Telemedicine and telehealth visits
- Laboratory coverage
- Choice of doctors and hospitals
- ThriveWellSM health and wellbeing benefit, powered by Virgin Pulse
- Pediatric vision and dental
- Adult eye exams and dental (Preventive & Routine)

This health plan is called a hybrid plan and may work a little differently than other health insurance plans you have had in the past. To help you understand your plan, this brochure provides explanations and examples.

Let's start with the basics

Your plan is hybrid because it is a blend of two types of plans which include:

- A deductible that has to be paid first for all medical care, including diabetic drugs and supplies.
- A copay for medical care such as when you go to your doctor when you are sick.

About the plan:

Preventive care can help you avoid getting sick and improve your health. Preventive services such as routine physicals, screenings and vaccinations are covered in full. The deductible does not apply to preventive services. They are covered at no cost to you, from the first day your coverage begins.

Your plan includes a deductible. Your deductible will be lowest if you choose care within the Crouse, St. Joseph's and Lewis County General Hospital network of doctors, providers and hospitals. The deductible is the amount you have to reach first for all medical services, like going to the doctor when you are sick or if you have to go to the hospital. Your deductible amount may vary and is based on the type of plan you have. The deductible does not apply to preventive services. They are covered in full from the first day your coverage begins. The deductible does apply to diabetic drugs and supplies.

You can get a prescription filled at the copay level on the first day your coverage begins. You do not need to meet the deductible first.

Once you reach your deductible, you will pay a copay for some services and coinsurance for others. Coinsurance is your share of the costs of a covered health service, calculated as a percent. You will have to pay a percentage of that service and the health insurance company will pay the rest.

To help protect you from high costs, there is an out-of-pocket maximum. This is a specific dollar amount that limits how much you have to pay out of your own pocket for health care services during a particular time period.

Please refer to **"Important terms to know"** for definitions.

Top 5 things to know

1. How can I save money on this plan?

- You will want to use a provider in the Tier 1, “preferred” provider network. These include Crouse, St. Joseph’s and Lewis County General Hospital network doctors and hospitals. Be sure to verify that your doctor is in the Tier 1 network by visiting [ExcellusBCBS.com](https://www.excellusbcbs.com) and using the **Find A Doctor** tool.

2. What benefits are free?

- Preventive care for you and your family is covered in full on the first day your coverage begins.

3. Does my plan have a deductible? If so, when does it apply?

- Yes, this plan has a deductible.
- There is one deductible for care when you see a Tier 1 doctor and a separate deductible if you see a Tier 2 doctor.
- The deductible will apply to all medical care and to diabetic drugs and supplies.
- The deductible does NOT apply to prescription drugs.

4. How does the money I pay toward my deductible add up (or aggregate)?

- Each person only has to pay their own individual deductible. Once an individual meets their deductible, the plan begins paying on their claims.
- When covering more than one person, the family deductible is met for everyone on the plan once any combination of members reaches the family deductible amount.

5. How much will I pay out-of-pocket for this plan? And how does it add up (or aggregate)?

- All of our plans have a maximum amount that any one person will pay called an Out-of-Pocket Maximum (OOPM).
- Just like with the deductible, each person will only have to pay his or her own OOPM amount. Once that amount is reached, care is covered in full for that person.
- When covering more than one person, care is covered in full for everyone once any combination of members reaches the family OOPM.

Important terms to know

Deductible - The amount of money you have to pay before we will make any payments toward health care services. Your deductible amount varies and is based on the type of plan you have.

Copay - This is a fixed amount you pay each time you use a medical service, such as a doctor’s office visit, prescription refill or a hospital stay. **For example**, if your prescription drug coverage includes a \$20 copay, you pay \$20 for each prescription and your insurance pays the balance.

Coinsurance - Your share of the costs of a covered health care service, calculated as a percent. Coinsurance is similar to a copay, but instead of a fixed dollar amount, it is a percentage of the total bill. **For example**, if your daughter’s eyeglasses are \$100 and you’ve met your deductible, your coinsurance payment of 50% would be \$50. We would pay the rest, or \$50.

Covered in full - 100% of the total cost is covered by us and you do not have to pay anything.

Out-of-pocket maximum - An annual limit on the amount of money that you would have to pay for health care services, not including your monthly premiums.

How does it work?

CNY Preferred Gold is a “tiered network” plan which combines doctors, hospitals and facilities within the Crouse, St. Joseph’s and Lewis County General Hospital network. These are known in your plan as Tier 1. Your costs are the lowest when you use providers in Tier 1.

If you use a doctor or hospital outside of the Tier 1 Crouse, St. Joseph’s and Lewis County General Hospital network, you will still have access to the full Excellus BCBS EPO network (known as Tier 2) of doctors and hospitals, but your costs will be higher. And no matter what tier the provider or hospital is in, they all meet our quality standards of care. **If you seek non-emergency medical, dental, or vision care outside of the Tier 1 or Tier 2 network, your services will not be covered.**

To make sure your doctor is in the Tier 1 network, visit our online [Find a Doctor](#) tool, where you can select the CNY Preferred Gold Tier 1 or CNY Preferred Gold Tier 2 networks to see which one your doctor is in.

Member Out-of-Pocket Costs when you use a:	
Tier 1 Network Crouse, St. Joseph’s and Lewis County General Hospital doctor or facility	Tier 2 Network Excellus BCBS EPO Network doctor or facility
\$950 single deductible / \$1,900 family deductible	\$2,600 single deductible / \$5,200 family deductible
Deductible, \$25 primary care copays / \$40 specialist copays	Deductible, 20% of the cost of the visit
Deductible, \$250 outpatient copays / \$750 inpatient copays	Deductible, 20% of the cost of the visit
0% coinsurance for most benefits	20% coinsurance for most benefits
The maximum amount you will pay out-of-pocket for all of your care: \$8,500 single / \$17,000 family (regardless if CNY Preferred Gold or Excellus EPO Network is used)	
\$5/\$35/\$70 prescription drug copay	\$5/\$35/\$70 prescription drug copay

Using Your Dental Benefits

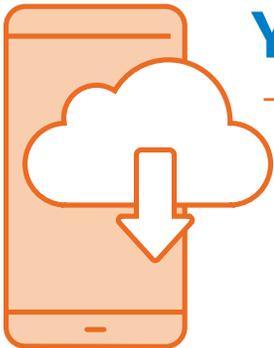

All in-network dental providers are in the Tier 2 network, and the Tier 2 network costs apply. Dental care received outside of the Tier 2 network will not be covered.

Below are a few examples of how this plan works when you use the Tier 1 CNY Preferred Gold network:

You visit your primary physician for your Annual Physical	Your spouse needs a minor surgical procedure done in an outpatient setting	Your spouse needs an antibiotic prescription filled	Your spouse is admitted to the hospital for an emergency procedure
Cost: \$200	Cost: \$2,500	Cost: \$40	Cost: \$10,000
Your deductible: Does not apply	Spouse's deductible: \$950 Leaving a balance of: \$1,550	Spouse's deductible: Does not apply	Spouse's deductible: Met
Plan pays: \$200	Spouse's copay: \$150 Plan pays: \$1,400	Spouse's copay: \$5 Plan pays: \$35	Spouse's copay: \$750 Plan pays: \$9,250
You pay out-of-pocket: \$0	Spouse pays out-of-pocket: \$1,100	Spouse pays out-of-pocket: \$5	Spouse pays out-of-pocket: \$750
	After this out-of-pocket payment, your spouse will have \$7,400 remaining to pay before reaching the individual out-of-pocket maximum, which is \$8,500 for this product for 2024. Once it's met, all remaining benefits will be covered in full.		The out-of-pocket maximum for your spouse is now reduced to \$6,645.
Preventive services are covered in full	Most hospital-related services are subject to the deductible and copay, but always protected by the out-of-pocket maximum.	Prescription drug copays apply toward the out-of-pocket maximum, which is now \$7,495.	Inpatient stays are subject to the deductible, but your spouse has met the individual deductible so he only had to pay the inpatient copay.

This is not a contract. It is intended to highlight the coverage of this program. Benefits are determined by the terms of the member contract.

Part of the Affordable Care Act is intended to improve dental coverage for children, including preventive, routine and some major dental coverage. Individuals purchasing medical coverage outside of the NY State of Health Marketplace, are required to purchase a medical plan with pediatric dental included, or a qualified stand-alone plan. By purchasing a medical plan with dental included, you can be sure your children will receive comprehensive coverage overseen by our staff of medical management experts, and both medical and pediatric dental services will count towards your out-of-pocket maximums.
