**Individual & Family Metal Plans and Essential Plan Formulary**  
**Step Therapy List**

**The following prescription drugs require Step Therapy**

Step Therapy requires that members try certain First Line options before other medications will be considered medically necessary for treatment of a specific condition. Step therapy requirements may apply to both brand and generics. Typically, First Line medications are classified as generics, but there are instances where brand name medications may be preferred. This list may not apply to all plans or benefits. List subject to change.
