<ul style="list-style-type: none">• <i>If a product excludes coverage for a service, it is not covered, and medical policy criteria do not apply.</i>• <i>If a commercial product, including an Essential Plan product, covers a specific service, medical policy criteria apply to the benefit.</i>• <i>If a Medicare product covers a specific service, and there is no national or local Medicare coverage decision for the service, medical policy criteria apply to the benefit.</i>	

POLICY STATEMENT:

A benefit for the treatment of family and couples is **eligible for coverage** in accordance with the member's subscriber contract. Coverage is provided for family and/or couple therapy when used to treat the identified patient's mental illness. This includes:

- I. Individual session(s) with a family member(s) of the identified patient's to aid in the treatment of the patient.
- II. Other identified situations supported by clinical documentation and approved by a Health Plan Behavioral Health Medical Director.
- III. The identified patient must have a DSM V diagnosis.

POLICY GUIDELINES:

- I. Concurrent individual treatment of more than the identified patient in a family, by the same practitioner, will not be covered without supporting clinical documentation demonstrating that the benefits of concurrent treatment outweigh the risks generally associated with concurrent treatment.

Exception: Individuals with an Axis I DSM V diagnosis who are seen by a psychiatrist for psychotropic medication(s).

- II. Practitioners/providers must bill these services under the identified patient's referral authorization.

DESCRIPTION:

Family and couples therapy is a service provided for individuals seeking treatment with a licensed mental health care practitioner, when this is the most effective and efficient treatment for the identified patient's mental illness. Family and couples treatment is generally conducted with the patient(s) and family present during the same session. There are occasions where it is beneficial to the patient for the family members or the significant others to meet individually with the mental health practitioner to address specific issues.
